Principal's Message

Welcome to Parsippany Hills High School

Dear Students and Parents:

Whether you are returning for a new school year or becoming a Viking for the first time, it is my pleasure to welcome you to Parsippany Hills High School. Our administrators, faculty, and staff are committed to making your high school experience at the Hills a positive one.

We understand that high school is preparation for college and the real world. For that reason, we encourage you to explore new interests, challenge yourself, and ask for help when you need it. PHHS is brimming with qualified and caring professionals to guide students to achieving their best PSAT/SAT/ACT scores, earning their highest possible Grade Point Average (GPA), and equally as important, becoming responsible, caring members of society.

Although we place a high importance on academic excellence and on educating students according to their learning needs, we support that a student's experiences outside of the classroom are also of great significance. We have many co-curricular clubs and athletic teams that provide for students a showcase for their talents and interests. Be sure to look through this handbook and ask subsequent questions to find the activities that are exactly right for you!

Above all, please know that you can see me or any member of my administrative team to address questions or concerns you may have. We believe that getting to know you personally is one of the best ways to ensure your success at Parsippany Hills High School and in the future you choose for yourself. Have a great year!

Nancy A. Gigante, Principal

Visitors are welcome to our school if they contact the principal first and receive permission to spend time at Parsippany Hills High School for a specific reason.

NON-DISCRIMINATION PROGRAM

AFFIRMATIVE ACTION

The Parsippany-Troy Hills School District follows all mandates regarding Affirmative Action. The Board guarantees to all persons properly enrolled in the schools of Parsippany-Troy Hills equal access to the educational program of the school district. No pupil shall be excluded from participation in, denied the benefits of, or subjected to discrimination in any educational program or activity of this district on the basis of race, color, creed, religion, sex, ancestry, national origin, social or economic condition, disability or sexual orientation.

TBA – School and Classroom Practices
Mr. Todd Ricker – Athletic Director

SEXUAL HARRASSMENT IN EDUCATION

Sexual harassment in the classroom, related programs or activities is the behavior of an individual which emphasizes the sexuality or sexual identity of another individual in a manner which prevents or impairs the victim's full enjoyment of educational opportunities. Sexual harassment is also defined as unwanted, offensive behavior by an instructor or student who resorts to the use of power and status over another person.

Harassment may include: unwanted touching; verbal comments, name calling; spreading sexual rumors; gestures, jokes or cartoon; too personal a conversation or note.

Harassment of staff members by students is equally abhorrent. In such cases, the aggrieved staff member should employ the procedure outline below as a guideline or refer to the Board's Policy on Affirmative Action.

AFFIRMATIVE ACTION GRIEVANCE PROCEDURE

The Parsippany-Troy Hills School System takes pride in upholding all the regulations associated with affirmative action mandates. If a student thinks she/he has been discriminated against on the basis of sex, race, religion, national origin, creed, handicap, or sexual orientation the following procedure should be followed:

- The aggrieved student may seek settlement by meeting with the person(s) involved.
- If the dispute is not resolved, the student and his/her parents may arrange for a meeting with the teacher and the school principal or his/her designee.
- If the issue remains unresolved, the parent(s) and the aggrieved student may appeal, in writing, to the persons and/or groups in the order listed below:

Affirmative Action Officer-TBA

Superintendent- Dr. LeRoy Seitz
Board of Education (in executive session)- Mr. Frank A. Calabria

In the event of an impasse at the board level, further appeal may be made through existing statutory provisions.

If the appellant is a disabled person, he/she shall process any complaint through the Section 504 Coordinator, TBA, who is responsible for practices involving disabled persons.

Dear Parents/Guardians,

The members of the Parsippany-Troy Hills Township community of schools share a common purpose. Teachers, administrators and support staff join with each of you to provide the best public education possible for over seven thousand boys and girls. We are committed to insure a safe, harassment free learning and working environment for all individuals in our schools, including students, staff, parents and guardians and all outside vendors who provide services for our district.

To that end, as one of the district's Affirmative Action Officers, I ask your help. Each year we provide training for our staff in identifying and preventing harassment of all types. Through our counseling and character education programs at all levels we help our students understand that all people deserve common courtesy and each of us is entitled to learn and work in a safe and secure environment, free of bullying or harassing behaviors. Please talk to your sons and daughters about how they should be treated and how they should treat other people. Reach out to your child's counselor or principal if situations arise that make them or you uncomfortable. Most importantly, please continue to teach by your example. Always speak to school personnel in a respectful manner.

Please know that each member of our staff understands the awesome responsibility we have. We recognize that every parent wants only what's best for their child. We too want what's best for each and every child we serve. Together we can provide not only an outstanding education for our kids, but can help them understand the importance of tolerance and respect.

Thank you for your continued support.

Sincerely,

TBA
Director of Personnel
Affirmative Action Officer

ATTENDANCE POLICY

Note: Except for numbers three and four below, these procedures do not distinguish between excused/unexcused absences. Please read carefully these limits and changes which took effect as of September 1, 2007.

You must be present a minimum of four (4) hours of instructional time (not including lunch) to participate in any co-curricular activity including athletics on that day. (See Bd. Policy p.33)

Students will be permitted to accumulate the following absences without affecting credit for a course:

- Full Year course - no more than 20 absences per year
- $\frac{3}{4}$ year course (Phys. Ed) – no more than 15 absences in the year
- $\frac{1}{2}$ year (semester) course – no more than 10 absences in the semester
- $\frac{1}{4}$ year course (Health/Drivers Ed) – no more than 5 absences in the marking period

Note: Tardies to school less than 10 minutes equal one-half absence in the 1st period class. Tardies to school 10 minutes or more equal one full absence in the 1st period class.

1. Any time a student is absent, the parent must notify the Attendance Office by calling 973-682-2815 Ext. 1. Upon returning, the student may bring a parental and/or medical note to the attendance office containing the student's name, grade level, day or dates of absences and reason for absence. **Notes explain absences; they do not excuse absences.** Unless a call is received, the absence will be considered a truancy.
2. A student who accrues more absences than indicated above will be considered as not having completed the prescribed requirements for the course as approved by the Board. He or she will be considered as having lost credit in that course. Since a student must complete a course to be eligible to participate in summer school, he/she will be permitted to remain in the course if behavior and level of participation remain appropriate.
3. If the student is participating in a school-sponsored activity designated by the principal as directly related to educational goals, the absence will not be counted toward the totals listed above.
4. If the student is absent for observance of an approved religious holiday and submits an appropriate written explanation from a parent/guardian, the absence will not be counted toward the totals listed above.
5. Parent(s)/guardian(s) will be kept informed about a student's attendance as follows:

Year Long and Semester Courses

- a) After the fifth and tenth absence of the year, parent(s)/guardian(s) will be notified by letter.
- b) After the fifteenth absence of the year, parent(s)/guardian(s) will be notified by the assistant principal through an attendance contract.
- c) After the 21st absence of the year, a loss of credit will be established for the course. Parent(s)/guardian(s) will be notified of such by letter.

Quarter Course

- a) After the third absence, parent(s)/guardian(s) will be notified by letter.
 - b) After the fifth absence, the parent(s) or guardian(s) will be notified by the assistant principal with an attendance contract.
 - c) The sixth absence will result in loss of credit for the course. Parent(s)/guardian(s) will be notified of such by letter.
6. All conferences will take place within five (5) school days after the student has accumulated absences as indicated above.

ATTENDANCE CONTRACT PROCESS

- A. Students will be allowed 20 absences per full year course, 15 absences per ¾ course, 10 absences per half year course, and 5 absences per ¼ year course.
- B. Every 5 absences marks a warning through a letter. When the student approaches a concerning amount of absences, an Attendance Contract will be established.
- C. Contracts will be explained thoroughly by the Assistant Principal, and signed by student, Guidance Counselor, parent, and Principal.
- D. Contracts are a final warning and acknowledgement of the attendance policy, and the student's current attendance status. The consequences for exceeding an attendance contract will result in losing credit in the class, and possibly repeating the class next year, or going to summer school. Students and parents will be able to identify the number of days absent, and remaining number of absences allowed in a specific class. Once those days are used, the student will lose credit in the class.
- E. The principal shall have the right to waive penalties given extenuating circumstances.

TRUANCY

Students who are absent from school without parents' knowledge will be considered truant and receive the following discipline:

- A. A mandatory parent and student conference with an assistant principal and counselor.
- B. Consequences will be assigned based upon the number of classes cut while truant
(*Full Day = 2 In School Suspensions*
Part of the Day = 1 In School Suspension).
- C. **Students who are truant on more than one occasion are subject to loss of credit pending administrative review.**
- D. Students who are truant while on an attendance contract will lose credit in that course as a violation of the attendance contract.

CUTTING CLASS

Students are not allowed to be absent from class without authorization. If students are found to be cutting, they will receive the following discipline:

FIRST OFFENSE:

- a. Three detentions.
- b. Referred to a counselor and assistant principal for a mandatory conference, parent notified.
- c. A grade of zero on any missed assignment.

- c. A grade of zero on any missed assignment.

Cuts are cumulative. Regardless of which courses are cut the first two times, on the third cut, and each one thereafter, students will lose credit in that course.

Students who are truant while on an attendance contract will lose credit in that course as a violation of the attendance contract.

TARDY TO SCHOOL

Students tardy to school must sign in immediately upon their arrival in the attendance office/tardy desk. Students who have not signed in will be considered truant. Failure to serve teacher assigned detentions will result in office detention(s). Failure to serve office detentions will result in further detentions and possible suspension.

EARLY DISMISSAL

A request for early release from school requires a note from home. Student must present the note in the attendance office by 7:30 A.M. The note must include a valid reason, (i.e., medical needs, religious obligations, and/or appointments that cannot be made after school) and the telephone number where a parent can be reached. Students presenting a note after this time may not leave school without a phone call first being made to the parent by the Attendance Office. **THE NAME AND THE TIME THAT THE STUDENT IS TO BE DISMISSED WILL APPEAR ON THE ABSENTEE LIST.** Upon reentry, students must report to the attendance office and sign in. **STUDENTS ARE NOT PERMITTED TO LEAVE SCHOOL ON A DAILY BASIS DURING STUDY HALL, LUNCH PERIODS, OR UNSCHEDULED TIME.**

HOMEROOM

All students are assigned to a homeroom which is at the end of Period 1. Daily attendance is taken in homeroom. Also, the daily bulletin is shared with students so they know the day's news.

ACADEMIC INTEGRITY (CHEATING)

Cheating in all forms is dishonest and not tolerated. Dishonest acts are those which permit a student to gain an unfair advantage over other students. This includes, but is not limited to, inappropriate copying, plagiarism, inappropriate collaboration, and theft. The following guidelines have been established to deal with cheating:

DRESS CODE

A student, faculty, administrative committee arrived at the following guidelines regarding student dress. Students are expected to dress in a clean, neat fashion each day. Each student must exercise good judgment in selecting clothes for school. Students may not wear extremely short shorts. See-through tops, strapless tops, or any tops or pants that allow skin to show at the waist are not permitted. Tank tops are permitted except those with low cut armholes. Any shirt that can be construed as an under garment is not suitable for school. Undergarments are not to be exposed whatsoever.

Apparel that promotes the use of alcohol or drugs, or depicts inappropriate designs or offensive language is unacceptable for school. Students are not permitted to wear chains, spiked bracelets or necklaces, etc. Inappropriately dressed students will be sent home to change. Any student apparel that is distracting to the educational program is not allowed. Students who repeatedly violate the dress code are subject to disciplinary measures.

HATS

Caps/hats may be worn except in the following cases at which time students must remove them:

1. During the flag salute or playing of the National Anthem.
2. In the auditorium
3. Upon request of teacher, staff member or administrator.

Religious head-covering is allowed; however, no gang-related head covering is allowed in school.

CARE OF SCHOOL PROPERTY

Students should care for schoolbooks, equipment and property as if it were their own. Students are responsible for damaged or lost books and are subject to fines. Students are held financially responsible for the care of all school property including furniture and equipment. Any student found guilty of abusing school property will also be required to pay the material and labor costs incurred to make repairs.

ALCOHOL, DRUG AND SUBSTANCE ABUSE POLICY

The Parsippany-Troy Hills Board of Education has adopted a comprehensive substance abuse policy covering alcohol, drugs and other illicit substances. Copies of the full policy/guidelines are available on request in the school office. A summary of the policy is provided below:

Support Services for Drug Abuse, Prevention and Intervention - Educational programs for students, staff and parents are conducted on the nature of tobacco, alcohol, anabolic steroids and other drugs of abuse. The programs include the effect on the body, behavior and the law. Trained student assistance counselors are available to identify, assist and refer students who are abusing drugs. The high school has a CORE team to review students who are referred by staff members. Students who voluntarily seek help for drug or alcohol problems will be given confidential assistance by the Student Assistance Counselor. Families seeking help for students will be directed to the Student Assistance Counselor for appropriate intervention and referral to outside agencies.

Specific Provisions for Handling Drug-Related Incidents - Students who appear to need immediate medical attention will be treated as a medical emergency with ambulance transport to the nearest hospital for immediate medical

evaluation and parent notification.

Students suspected of being under the influence of alcohol or other drugs will be examined by the school nurse. Parents/guardians will be notified, and students will be required to complete a physician's medical examination including a drug screen. If the results are positive, the student will be suspended and an evaluation of the student for the level of drug use will be required. Appropriate referrals will be made depending on the level of use. A physician's statement will be required for reentry.

Students suspected of drug use will be reported to the Student Assistance Counselor who will refer those students to the CORE Team. The CORE team will evaluate information from the staff members familiar with the student. Parents of the student suspected of using drugs will be notified by the chairman of the CORE team who will make the necessary out of building referrals.

Students suspected of being under the influence of alcohol/drugs during a school-sponsored field trip will be transported to the nearest emergency room by ambulance for an immediate screening. Local police and parents will be called. If parents do not assume custody, the student will be turned over to local police.

Students suspected of using steroids will be examined by a physician for the presence of these drugs. If the student tests positive, he/she will be referred to an appropriate agency.

If there is reason to believe that a student is involved in distribution or possession of controlled dangerous substances on school property or at a school function, the following actions will take place:

1. The principal or his designee will be notified
2. The parent / guardian will be notified immediately
3. The superintendent will be notified
4. The local police will be notified when there is possession or distribution.

Penalties for possession use or inducing others to use illicit substances are:

1. First Offense - 4 days out of school suspension (including co-curricular activities). A mandatory physical examination and urine drug screen will be required to return to school.
2. Second Offense - 10 days out of school suspension (removal from co-curricular activities).
3. Third Offense - suspension with recommendation for expulsion from the school system.

*Distribution of illegal substances - suspension with recommendation for expulsion from the school district.

Students are advised that a warrantless search may be made if the principal or his/her designee has reasonable suspicion that a student is in possession of drugs or drug paraphernalia. Any drugs or drug paraphernalia observed will be seized. Any information concerning drugs or drug paraphernalia will be reported to the Superintendent and to the Police. (This will not include students voluntarily seeking treatment for drug abuse problems.)

Additional Important Provisions - Students who refuse to submit to drug/alcohol screening will be suspended out of school. These students will be required to undergo a drug/alcohol assessment. All suspected incidents or drug policy violations shall be reported to the Principal who shall report them to the Superintendent. Refusal by a parent to follow through with the provisions of this policy violates compulsory attendance and/or child neglect laws. Refusal to comply may result in notification to DYFS. School personnel are held safe-harmless when reporting chemical abuse incidents under NJSA 2A:62A-4, NJSA 18A:40A-13, -14 and NJAC 6:29-6-63.

For further information regarding the substance abuse policy, students should contact the Student Assistance Counselor.

STUDENT LOCKERS/SEARCH AND SEIZURE

The administration acknowledges the need for in-school storage of students' possessions and shall provide desks and lockers for that purpose. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have the expectation of privacy as to prevent examination by school officials. School lockers will be the subject of periodic inspections by school officials to maintain the health, safety, and welfare of the school community. If a student has a locker problem, they should report to the Attendance Office.

HARASSMENT, INTIMIDATION AND BULLYING

The Board of Education of the Township of Parsippany-Troy Hills prohibits acts of harassment, intimidation or bullying. A safe and civil environment in school is necessary for students to learn and to perform to the highest level to which they are capable. Harassment, intimidation and bullying is a disruptive and violent behavior that interferes with a student's ability to learn and the school's ability to educate students in a safe environment. The Parsippany-Troy Hills Township School District expects that all members of the school community, students, teachers,

administrators, faculty, staff, parents and volunteers will treat each other with civility and respect and will refuse to tolerate harassment, intimidation or bullying.

Harassment, intimidation or bullying means any gesture or written, verbal or physical act that takes place on school property, at any school-sponsored function or on a school bus and that is incited by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, or a mental, physical or sensory disability; or, by any other distinguishing characteristic; and a reasonable person should know, under the circumstances, that the act(s) will have the effect of harming a student or damaging the student's property, or placing a student in reasonable fear of harm to his person or damage to his property; or has the effect of insulting or demeaning any student or group of students in such a way as to cause substantial disruption in, or substantial interference with the orderly operation of the school.

The Board of Education expects students to conduct themselves in keeping with their level of development, maturity and demonstrated capabilities with a proper regard for the welfare of their students and school staff.

Acts of harassment, intimidation or bullying are to be reported to the school administrator to determine whether an alleged act constitutes a violation of this policy. The principal and/or designee shall conduct a prompt, thorough and complete investigation of the alleged incident. Consequences and appropriate remedial action may range from positive behavioral intervention up to and including suspensions and expulsion as permitted under N.J.S.A. 18A: 37-1. Some acts of harassment and intimidation, or bullying may be so serious that they require response by law enforcement officials.

WITHDRAWAL FROM SCHOOL

When a student withdraws from the high school, he should report to the Guidance Office to obtain a clearance slip. On this he records his reason for leaving, his new address, and the name and address of the new school, if any, to which his records are to be sent. To facilitate this, please follow the steps as outlined:

- A. Bring a note from home stating the reason for withdrawing from high school, the last date you will be attending here, and the name and address of the new school (if known).
- B. Pick up a withdrawal form in the Guidance Office.
- C. Have the withdrawal form signed by each of your teachers as you return books and materials.
- D. Clear out your hall and gym lockers.
- E. Return the completed withdrawal form to the Guidance Office.

SCHOOL RECORDS WILL NOT BE FORWARDED TO THE STUDENT'S NEW SCHOOL UNTIL ALL OBLIGATIONS HAVE BEEN MET.

GRADES

There are two components to the grading system, achievement and effort. Please note the following:

Academic Achievement - The academic achievement grade measures the student's performance in comparison to other students in the class. The following factors, where applicable, are considered in determining academic achievement:

- 1. Class Work
- 2. Quizzes
- 3. Tests
- 4. Reports (written & oral)
- 5. Projects
- 6. Class participation
- 7. Homework
- 8. Laboratory Skills

Grades issued for this component are:

A A- B+ B B- C+
 C C- D+ D F

Plus and minus signs are used to note gradations from the basic symbol. For those teachers who use a numerical system from 0-100, the following guidelines are used for letter grades:

A=94-100 A-=90-93 B+=87-89 B=83-86 B-=80-82
 C+=77-79 C=73-76 C-=70-72 D+=66-69 D=60-65
 F=0-59

The final average for the academic achievement is obtained by averaging the four marking periods and the final examination. The final examination is 12% of the grade whether in a full year or a semester course. The minimum grade of "D" must be obtained to receive course credit. The values to be used in determining the final average will be:

A 4.0 A- 3.67 B+ 3.33 B 3.0 B- 2.67 C+ 2.33 C 2.0 C- 1.67 D+ 1.33 D 1.0 F 0

To ensure a common way of arriving at final averages, the following numerical intervals are used in determining the final letter grades for each course.

If the Numerical Average Is Between	The Final Letter Grade Is	If the Numerical Average Is	The Final Letter Grade Is
3.500-3.166	B+	3.165-2.836	B
2.835-2.501	B-	2.500-2.166	C+
2.165-1.836	C	1.835-1.501	C-
1.500-1.251	D+	1.250-1.000	D
0.999-0.000	F		

DIFFERENTIATED "F"

For students who demonstrate a totally unacceptable performance, the "differentiated F" is a means to distinguish two levels of failing grades. The differentiated F is used during the third and fourth marking periods only. The differentiated F indicates numerical scores of 0-39, it carries a -1 value when calculated in the GPA. Termed loosely, an "F" is an average which falls between 40 and 59 and has a GPA value of 0.

COURSE AUDIT

A student may request permission to audit a course only under the following circumstances:

- Transfer into school after the first ten days of the course.
- Unavailability of course requests based on a transfer.
- Student interest in course after the first ten days of school.

A student may not request to change his regular enrollment in the class to an "audit status."

If at any time a teacher believes the audit permission should be revoked, a conference with the parent and counselor must be held before the department supervisor and principal approve to revoke the audit permission. Once the permission is revoked, the student will be assigned a study hall only and the course audit will be removed entirely from the student's academic record.

INDIVIDUAL DEVELOPMENT

The individual development grade measures the individual student against his/her own potential to achieve academically, socially and behaviorally. This grade is a measurement of how the student is progressing relative to his/her ability. This grade is not used in comparison to other students. The following factors are considered in the developmental grade:

- | | | | |
|--------------|---------------|---------------------------------|------------|
| 1 Effort | 2 Interest | 3 Discipline | 4 Attitude |
| 5 Attendance | 6 Work Habits | 7 Development of Responsibility | |

Grades for individual development are:

- | | |
|--------------------|---------------|
| 4 = Excellent | 3 = Very Good |
| 2 = Satisfactory | 1 = Marginal |
| 0 = Not Acceptable | |

A grade of WP (Withdrawal/Passing) or WF (Withdrawal/Failing) is recorded for the marking period when a student withdraws from a course. These grades will be recorded up to 15 days before the close of the marking period. If the withdrawal occurs within 15 days prior to the close of the marking period, a grade will be recorded for the marking cycle. A WP/WF remains on the student's record. A WF for the final marking period makes a student ineligible for the Honor Roll for that particular marking period. The final grade for individual development represents the teacher's evaluation of the student's overall performance for the year. In all cases, except with the approval of the child study team, a minimum final grade of "D" must be obtained in Academic Achievement to receive course credit. To attain the honor roll, a student will be evaluated in the area of academic achievement only. To qualify for the honor roll, a student must have all A's and B's. To qualify for the high honor roll, a student must have all A's.

Honors and Advanced Placement courses are weighted up to one full point (1.0) above the normal value of each letter grade. Please note the following:

A = 5.0	A- = 4.67	B+ = 4.33	B = 4.0	B- = 3.67
C+ = 3.33	C = 3.0	C- = 2.67	D+ = 2.33	D = 2.00

STUDENT MUST COMPLETE HONORS AND AP COURSES TO RECEIVE A WEIGHTED GRADE.

FINAL EXAMINATIONS

- 1. All students must attend and complete all scheduled examinations for the full period.**
- 2. Make-ups for examinations missed due to authorized absence will be scheduled in accordance with the final exam make-up schedule.**
- 3. Students who do not attend the final examination will fail the course and receive no credit.**

Seniors who maintain an A- grade or better each of the four marking quarters of the school year may be exempt from the final examination in a particular subject.

CLASS RANK

All subjects are included in class rank except courses taken on a pass/fail basis or courses from which a student has withdrawn (passing). Honors/advanced placement courses are weighted at one additional point (1.0) towards calculation of the Grade Point Average (GPA). The school publishes an official roster of class rank and GPA in the student's senior year. Prior to that, students may ask their guidance counselors for an unofficial class rank. Students who transfer must complete four semesters in order to receive class rank and a GPA.

HIGH SCHOOL GRADUATION REQUIREMENTS POLICY

In order to graduate from the Parsippany-Troy Hills School District and to receive a state endorsed diploma, all students must meet specific requirements. These requirements include competency in basic skills, credit years of course work, curriculum proficiencies and meeting the requirements of the attendance policy.

Student Must:

1. Pass the High School Proficiency Assessment (HSPA).
2. Complete the District required credit years (24 credits).
3. Demonstrate the achievement of explicit proficiencies in each course required for graduation. Both the course proficiencies and the standards for "satisfactory completion" will be established by the district and be communicated to parents/students at the beginning of each course.
4. Attend a minimum number of sessions in each course as part of the requirement for "satisfactory completion" of both state and school district mandates.

Provisions for students in special circumstances are made as follows:

1. Classified students shall be subject to all state and local graduation requirements unless exempted in their Individual Educational Plan (IEP).
2. Transfer students from in-state or out-of-state are subject to all state and local graduation requirements.
3. Students who are not currently enrolled in the school but have met other graduation requirements except the HSPA may return to take the HSPA to secure their state endorsed diploma.
4. Under certain conditions determined by the district, students enrolled in the vocational education program may partially satisfy the computation and science graduation requirements through their vocational courses.
5. Please refer to promotion policy in section 5123 of the district policy manual for other information.

ADMINISTRATIVE GUIDELINES

In keeping with its obligation under N.J.A.C. 6:8 - 4.2, the Board of Education sets forth the following as its procedure for high school graduation:

1. Basic Skills

1.1 Students must pass the state tests in reading, writing, and computation which is first administered in the 11th grade and thereafter as required.

1.2 Students who pass the state test(s) once have met the basic skills requirement.

1.3 Students who do not pass the state test(s) are required to take an appropriate compensatory course. Waivers of the requirement can be made only by the high school principal at the written request of the student's parents/guardian.

1.4 Students enrolled in a required compensatory course must have an Individual Student Improvement Plan (ISIP) developed or implemented, and evaluated by the course teacher. Students waived from the course requirement must also have an ISIP developed, implemented, and evaluated by an assigned teaching staff member.

2. Credit Years

2.1 To qualify for graduation and a state endorsed diploma, students must successfully complete at least twenty-four (24) credit years and take at least six (6) credits each year excluding any after four (4) years.

2.2 The following are the specific state requirements for graduation from high school with a state endorsed diploma:

- a. One credit year of communication for each year of enrollment, up to four credit years;
- b. Three credit years of computation; two credit years of United States history and one credit year of world history as required by N.J.S.A. 18A:35-1 et seq.
- c. Three credit years of natural or physical science; one credit year of physical education, health and safety for each year of enrollment as required by N.J.S.A. 18A:35-5 et seq.; one credit year of fine, practical, and/or performing arts and one credit year of career exploration; and

3. Curriculum Proficiencies

3.1 All high school courses shall be explicitly defined in terms of minimal required student proficiencies. A list of these proficiencies is given to students and parent/guardian within the first ten days of each course. However, these proficiencies are not the sole basis for successful completion of the course.

3.2 Grading procedures and all other requirements for successful completion of the course for graduation credit are given to students and parent/guardian in the first ten (10) days of each course.

3.3 Students must take a final examination in each course including but not limited to minimal required proficiencies. The final examination grade is one factor in determining successful completion of the course for graduation credit.

3.4 Under certain circumstances, students may satisfy curriculum and credit requirements in a particular course without taking the course. In all such cases, the student must first demonstrate minimal proficiency in the course and demonstrate mastery of all the proficiencies normally required to pass the course. The student must notify the building principal of intent as follows: First semester courses, by November 1; Full year courses, by February 1; second semester courses, by April 1.

3.5 Students not successfully completing courses required for graduation will be given multiple opportunities to do so. Students and their parents /guardians will be informed of their status with respect to graduation and of the opportunities for remediation.

3.6 Additional details of credit and proficiency requirements will be found in the handbook given to students and parents/guardians at the beginning of the ninth grade as well as in the course selection booklets given annually. These publications are considered part of the administrative guidelines.

4. Special Education Students

The Individual Education Plan (IEP) of classified students exempted from the graduation requirement nonetheless specifically addresses state and local basic skills and curriculum proficiencies at an appropriate level. Satisfactory completion of such an IEP will consequently qualify the classified student for a State endorsed diploma.

5. Transfer Students

As soon as possible after entrance, the transcripts of transfer students are evaluated to determine status with respect to graduation requirements. Programming priority is given to make up any deficiencies. A diploma will not be issued until all requirements are met.

6. Vocational Education Students

In order to satisfy a single year of the mathematics or science requirement through participation in vocational education, students must initiate the waiver process. With an approved waiver, signed by the supervisor and the principal, in addition to the three credits each year, a student who successfully completes a two year sequence of a selected vocational course will be certified as meeting the requirement of one year of mathematics or science. For an explanation of specific credits assigned to courses taken at Morris County School of Technology, students should see their guidance counselors.

SENIOR STATUS

Senior status with all its social benefits is a privilege accrued by virtue of the fact that a student has successfully completed the 9th, 10th, and 11th grade program. To be considered a senior, a student must be able to schedule all required credits in order to graduate by August. Students who are unable to schedule enough credits to graduate will retain junior status.

INDEPENDENT STUDY

Students who wish to engage in an independent study program must receive the support of their school counselor, the lead teacher of the curriculum in question, the district supervisor of the curriculum and the school principal. Independent Study will be done in cooperation with a mentoring staff member. Course credit will be assigned in accordance with normal crediting procedures. Independent Study is reserved for those courses that lay outside the existing curriculum.

HOMEWORK

Students should come prepared for class with pencil, paper, textbook and notebook as appropriate. At the end of class, all students should expect a homework assignment in the vast majority of classes offered. The guidelines for homework in the average class are as many minutes of homework as class is in session on any given day. Since class periods are 44 minutes in duration, students should expect to spend between 2 - 3 hours on their homework each day and during evening hours.

MAKE UP WORK

Students should anticipate one day make up time for each authorized class absence. See attendance for approved reasons to miss class.

MEDIA CENTER

The high school media program is designed to assist students and staff in finding, evaluating, and applying information in order to function effectively as life-long learners. A secondary goal is the development of an appreciation of reading as a leisure time activity. BUS TRANSPORTATION

Students **must carry a bus pass at all times**. Failure to do so will result in revocation of riding the bus privilege. Proper behavior while waiting for the bus at your bus stop and on the bus is mandatory for traffic safety. There is no smoking on school buses. Students violating regulations regarding bus safety will lose their privilege of riding the school bus and will have to provide their own transportation to and from school. Students are to ride assigned buses only. Bus passes MAY NOT be shared.

The following regulations apply to pupils riding the school buses:

- The Board of Education authorizes the Supervisor of Transportation to assign seats on an as needed basis.
- Students shall only ride the bus to which they are assigned. Students are not permitted to ride another bus for after school activities.
- Pupils are to remain quietly seated at all times on the bus. Heads, hands and belongings of all kinds are to remain inside the windows.
- Students are encouraged to wear seat belts.
- Unauthorized individuals are NOT permitted to ride on any bus.
- Any possession or use of illegal substances while on the bus is subject to board policy.

Parents shall be notified of these regulations annually.

STUDENT TRANSPORTATION

All motorized vehicles driven on school grounds must be registered with the school administration. Because of limited parking facilities, the privilege of parking on school property is offered to Co-op students first. Vocational students taking courses at the Morris County School of Technology or Parsippany Hills receive next priority. The remaining available spaces in the parking lot will be issued to seniors.

Parking on PHHS grounds is a privilege reserved only for Seniors. Seniors wishing to drive an automobile to school must first secure a parking application and have it approved. All vehicles parked on school property must clearly display a current parking sticker issued yearly by the high school. Failure to properly display a parking sticker (driver's side, rear window) or parking in an unauthorized area, will result in a summons issued by the Parsippany Police Department and/or school disciplinary action.

Students may not be in the parking lot without an office pass during the school day. Passes must be secured from an assistant principal.

The privilege of driving to school may be revoked at any time by the administration if the student fails to maintain proper school citizenship or violates any of the rules and regulations regarding his parking permit or closed campus policy. Any infractions of parking regulations may result in a suspension from school. Make sure you understand all regulations before signing your name to the driver/parking application.

It is requested that all students transported to or from school by private auto be discharged and picked up in the parking lot, not in the roadway in front of the building.

STUDENTS WALKING TO SCHOOL

Students walking to and from school are to use sidewalks where available. Bicycles are to be ridden on the right hand side of the road as close to the edge of the road as possible. This is very important for safety. Bikes should be parked in the bicycle racks.

Dear Parents: August 2011

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access.
Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.
Parents or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person or company with whom the school has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
