Dear Ms. Wendolowski:

The Morris County Office has received and reviewed your district's proposed FY12 budget. It was evident that the budget reflects the careful consideration of the administration and the board. The district's educational program was preserved and the tax levy increase was minimal.

The budget is approved for advertising. Please submit to my office a copy of the published advertisement or an affidavit of its publication.

Thank you for your cooperation during this approval process.

Sincerely,

Kathleen C. Serafino, Ph.D.
