RE: Notification of Asbestos Abatement located in the
boiler room of the Brooklawn Middle School
Parsippany, New Jersey

Dear Parents, Students and Staff:

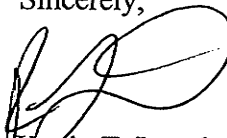

The planned asbestos abatement and demolition of the boilers, breech, hot water tank and associated pipe insulation will commence on or about June 22, 2009 and be completed on or about July 10, 2009. Lilich Corporation from West Paterson, New Jersey is the New Jersey certified asbestos abatement contractor that will be completing the asbestos abatement project.

The asbestos abatement will be monitored and air sampling will be collected by New Jersey Department of Community Affairs Asbestos Safety Technician employed by the Whitman Companies, Inc., Asbestos Control Monitor #00110. Air sampling during the removal will be read on site by a AIHA AAR Certified Microscopist within four (4) hours of the commencement of the area air sampling and posted on site for your review. The final air testing protocol will be (TEM) Transmission Electron Microscopy in accordance with NJAC 5:23-8 occupied section.

Re-occupancy of the gymnasium will not be permitted until the Certificate of Occupancy has been issued by the Parsippany Construction Official.

If you have any questions, please do not hesitate to call me at (732) 390-5858 Ex.249.

Sincerely,

Kevin T. Lovely
Project Manager
