Viewing Next Year Requests, Recommendations and Schedule

The **Scheduling** screen shows you your student’s course requests for the **next** school year (e.), teacher recommendations, if there are any, as well as their “next year” schedule once one has been created.

There are three things listed on this screen:

1. **Your student’s list of course requests for next year.** These can be printed out.
2. **The teacher’s name a course was recommended by** – if there was a teacher recommendation. Teacher Recommendations will appear at the very bottom of the screen.
3. **Your student’s actual schedule for next year.** Once the student’s actual schedule for next year is ready, it will be displayed on this screen as well. This may not happen during the current school year. When the next year schedule is ready, you will be able to print it out as well.

Courses Recommended but Not Requested

The very bottom of the Scheduling screen may contain a list of courses that teachers recommended for your student but which they decided not to request and not to take. Scroll down to see this list. This list will only appear if a teacher recommends a course for your student and your student decides not to take the course. The course is then “not requested” so that it will not be scheduled for your student.
