

PARSIPPANY-TROY HILLS TOWNSHIP SCHOOL DISTRICT

PESTICIDE AND HERBICIDE NOTIFICATION

July 20,2020

Parsippany-Troy Hills Township School District is continuing to work closely with its health and safety resources to ensure compliance with integrated pest management. According to state law schools are required to inform employees and parents if they apply pesticides and herbicides on school property.

Please be advised that the Parsippany-Troy Hills Township School District will be performing an herbicide application to the athletic fields and playground areas at **all 14 schools** beginning on Friday July 24,2020. We are required to make a public notification as part of our Integrated Pest Management practices 72 hours before the treatments are performed. These treatments will continue for approximately 6 weeks depending on weather conditions.

If you have any questions please contact Daniel McDougal, Supervisor of Buildings and Grounds.

He can be reached at 973-428-7512
