A representative from ARC of NJ will present information on
Accessing Services and Natural Supports

Everyone has a right to be involved in their community. There are many supports for people with disabilities to help them do just that. This workshop will discuss services for accessing the community and provide hands-on tools for helping students obtain natural supports in the community. We will also include conversations on navigating potential challenges associated with accessing services.

This presentation is open to all and especially appropriate for students and their families as they transition out of the Parsippany-Troy Hills learning community.

There is no need to RSVP. Questions and comments may be directed to:

Dr. Tarah Santaniello, Supervisor of Special Education (6-12+) at trsantaniello@pthsd.net

Dr. Barbara Sargent, Superintendent of Schools at besargent@pthsd.net
